Returning herewith duplicate of book in question.

The Navy's original copy was inadvertently underscored in certain parts and, therefore, we felt security risk in returning their copy to them.

On the front cover in lower left hand corner on heavy white paper about 1" square was the following Navy reference:

NI  
W:R327  
1950/1951

Inside cover on first page - white - was stamped in red the following:

Rec'd  
Nov 30 1951  
Naval Records and Library  
Navy Dept.

Do hope there is not too great an inconvenience.
